

MONDAY 3:30-4:30 pm	TUESDAY 3:30-4:30 pm	WEDNESDAY 3:30-4:30 pm	THURSDAY 2:30-3:30 pm	FRIDAY 3:30-4:30 pm
<b>BERLITZ: BEGINNER &amp; INTERMEDIATE SPANISH</b> Grades K-3; Grades 4-7th (Meets Mondays and Wednesdays) January 17-May 16, 2018  Students will develop the confidence and communication skills needed to be successful in today's world. With the Berlitz Method® of instruction, your child will have a great time while immersed in a second language, developing cognitive, memory and listening skills.	<b>CREATIVE CLAYMATION CREW</b> Grades 2nd-4th January 16-May 15, 2018  Reveal the creative and technical problem solving skills of your child through Claymation movie-making and TINKERCAD computer aided design and 3-D printing. Claymation guides children through the process of making a stop motion movie from brainstorming, scriptwriting, character design, set and prop creation, animation, to audio/video editing. Release the budding design engineer and graphic artist, as your child shows you their movie at the end of the course and with TINKERCAD students will take their clay modeling skills into the digital world and take home a 3-D printed version of their character at the end of the course!	<b>BERLITZ: BEGINNER &amp; INTERMEDIATE SPANISH</b>  (see Monday for information)	<b>CREATIVE WRITING CLUB</b> Grades 2nd-7th (differentiated assignments) January 25-May 3, 2018  Whether your child is a reluctant or enthusiastic writer, Creative Writing Club will stimulate a positive attitude in writing through imaginative ideas, partner exercises, and public speaking (for those who wish to share). The dryer elements of grammar are reinforced with fun and flair. Parents report that their children no longer stare at blank paper and have seen improvement both at home and in school	<b>DISCOVER SCIENCE: EXPERIMENTS WITH ELEMENTS</b> Grades K-3; Grades 4th-7th (simultaneous classes held in different rooms) January 26-May 18, 2018  Dr. Tonya Shearer of Discover Science presents Experiments with Elements, a science enrichment program aimed at children interested in conducting experiments and learning about chemistry. Each class, developed by scientists and educators, includes knowledge development and hands-on learning activities. Every week we cover a new topic, including an introduction to the periodic table (yes, kindergartners can learn about the periodic table!), experimenting with simple (and safe) reactions, and understanding the chemistry of slime.

	<b>TICKLED IVORIES PIANO PROGRAM</b> Grades K-3rd January 16-May 15, 2018  Tickled Ivories provides students an introduction to music at the piano, by encouraging musical exploration, discovery, imitation, and creativity. Lessons consider the stages of children's growth and development and acknowledge individual learning styles. Students establish a deep and complex root system for future music study while developing a strong musical foundation and proper pianistic habits through: Notation and musical symbol recognition/application, Rhythm activities, Hands-on keyboard playing, Ear Training, Sight-reading, Composition, Technique practice, Creative activities and games. A recital will be held in May.	<b>CHESS ATLANTA</b> Grades K-3rd and 4th-7th January 17-May 16, 2018  International chess champion Carlos Perdomo offers students instruction based on individual skill in a fun, yet structured environment. Students learn effective tactics, how to use a chess clock, playing against a computer, chess puzzles, and participate in tournaments: Standard Chess, Bughouse (team chess) and Blitz (speed chess). Trophies are awarded for Class Champion, Most Improved, Sportsmanship Award, and every child completes the semester with a sense of motivation and accomplishment.	<b>CANVAS ART PAINTING &amp; MIXED MEDIA</b> Grades K-7th January 18-May 17, 2018  Art programs have the ability to develop the visual spatial skills in children, and allows for development of their skills in how to interpret and use visual information. All of our art work is done on canvas using mixed media, watercolors and acrylic paints and the child follows guided instructions while learning to focus on the details, hand eye coordination, problem solving skills and building confidence.	<b>HIP HOP &amp; JAZZ DANCE</b> Grades K-7th January 19-May 18, 2018  This high energy class keeps kids moving while learning the fundamentals of hip hop and jazz dance! Classes emphasize technique, fitness and FUN, incorporating warm up, across the floor work, culminating in dance combinations to the latest kid-friendly hit music! Parent observation days allow dancers to share their hard work with friends and family. Dancers have the opportunity to perform in a end of year stage recital!

	<b>RAISING QI QIGONG FOR CHILDREN</b> Grades 3rd-7th January 16-May 15, 2018  Qigong is an English word for two Chinese characters: qi (氣) and gong (功). Qigong is a moving meditation guiding life energy through the body. It is similar to Tai Chi, but with more focus on health and wellness, and does not involve martial arts. There are 8 main movements (8 silk brocade). Students will learn and understand the 8 animals within the silk brocade. Movements cultivate focus, and stress relief that foster self-confidence, self-control, and self-esteem in children. Qigong is complimentary in helping to manage ADD, ADHD, anxiety and stress, and helps with circulation, coordination, flexibility, and strength (physical, mental, and emotional). Healthy, allergy-free snacks will be provided.	<b>ACCELA READING ENRICHMENT</b> Grades K-2nd January 17-May 16, 2018  Accela reading workshops helps young children to reinforce the early learning process that are so necessary to lay the foundations for future reading, comprehending and writing skills. We use stimulating materials in a structured order to help children needing help in reading, writing, and spelling. A major focus of the program is based around phonetic awareness, helping the students to understand how to break the words into their component sounds. Our Enrichment programs allow our students to develop their reading comprehension skills at an accelerated pace.	<b>BEGINNING BRASS &amp; WOODWIND CONTEMPORARY/POP MUSIC</b> Grades 4th-7th January 18-May 17, 2018  Music Matters has been the #1 source for music lessons in Alpharetta since 2003, and is the owner of the largest production company in the Southeast. This program focuses on contemporary/pop music, and will introduce inexperienced students to brass and woodwind instruments. Our instructors are friendly and inspiring accomplished musicians with years of experience in various instruments, and are active performing artists. We use the Music Matters curriculum and customize instruction to meet individual learning styles and interests of the students, and to create a positive and exciting musical experience. We have a full line of instruments to choose from!	<b>IVY LEAGUE DEBATE</b> Grades 3rd-7th January 26-May 11, 2018  Ivy Bridge Academy Debate Program provides an interactive learning environment that is both fun and educational. Our goal is to introduce students to the art and science of persuasive fact-based debate, to foster confidence and independent thinking. We are dedicated to enriching the lives of students to be critical thinkers, effective communicators, and ethical leaders. Your child will develop skills in Competitive debate, Logical thinking, Persuasive speaking and oration, Ethics and leadership, Interviewing, Reading, Writing, Research and information processing, and personal accomplishment. Students participate in tournaments (dates TBA).
