<p>LITTLE ACTORS STUDIO Grades 4TH-7th</p> <p>Little Actors Studio is a drama club that develops acting skills, theater dance, and singing. This is a year-long club (\$200 each semester) that culminates in a professional, 30 minute, "Broadway Junior" musical production with costumes, sets, etc. During the process, children discover their unique talents, and through team-work filled with fun and laughter, they become fully confident and brave to perform in front of a live audience. Students do not audition, and everyone has a contributing roll in the production.</p> <p>Register: email: littleactorsstudio@gmail.com or call 770-374-5851 website: littleactorsstudio.org</p> <p>\$200</p>	<p>HENNA Grades 3rd-7th</p> <p>Henna art is more than just pretty designs. It's an intricate process from making and mixing henna paste, making the cone applicator, learning how to draw ancient patterns, and applying. Application includes translating sensory input from the pressure applied on the cone and gliding on the hand at the same time. Learn the basic elements of drawing via henna art: line, shape, proportion, perspective, light and shadow in an easy to digest, kid friendly & fun way.</p> <p>Register: email: sejalshahpsyd@gmail.com or call 678-977-2736</p> <p>\$275</p>	<p>CANVAS ART Grades K-7th</p> <p>Art programs have the ability to develop the visual spatial skills in children, and allows for development of their skills in how to interpret and use visual information. All of our art work is done on canvas using mixed media, watercolors and acrylic paints and the child follows guided instructions while learning to focus on the details, hand eye coordination, problem solving skills and building confidence.</p> <p>Register: email: rama@accelaeducation.com or call 404-384-1061 website: accelaeeducation.com</p> <p>\$425</p>	<p>DISCOVER SCIENCE: STEAM CLUB Grades 4th-7th</p> <p>Dr. Tonya Shearer of Discover Science presents STEAM club (Science, Technology, Engineering, Art, and Mathematics). Each class, developed by scientists and educators, includes knowledge development and hands-on learning activities. Every week we cover a new topic, from using scientific tools and investigating microscopic organisms, to experimenting with fun chemical reactions.</p> <p>Register: email: tonya@discoversciencecenter.com or call 770-641-9336 website: discoversciencecenter.com/fast-after-school.html \$270</p>	
<p>ACCELA READING ENRICHMENT Grades K-2nd</p> <p>Accela reading workshops helps young children to reinforce the early learning process that are so necessary to lay the foundations for future reading, comprehending and writing skills. We use stimulating materials in a structured order to help children needing help in reading, writing, and spelling. A major focus of the program is based around phonetic awareness, helping the students to understand how to break the words into their component sounds. Our Enrichment programs allow our students to develop their reading comprehension skills at an accelerated pace.</p> <p>Register: email: rama@accelaeducation.com or call 404-384-1061 website: accelaeeducation.com \$150</p>	<p>CARDIO KOOL KIDS Grades K-5th</p> <p>Cardio Kool Kids™ is a complete wellness curriculum for children that combines kickboxing, sports drills, strength training, hip hop dance and health and nutrition journaling while enhancing math, reading, science, writing, social and peer mentoring skills. Our innovative program benefits the whole child, features positive reinforcement, provides student leadership opportunities, and teaches kids that healthy living can be fun! Upon completion of the program, families are invited to a Showcase Celebration to see the students demonstrate their skills and listen to what they have learned about healthy lifestyles.</p> <p>Register: email: amy@cardiokoolkids.com or call 404-229-4993 website: cardiokoolkids.com \$285</p>
