

Fulton Academy of Science & Technology

May 24, 2019

Fulton Academy of Science and Technology (FAST) is excited to announce the appointment of Ms. Mary Miller as the Assistant Principal for Grades K-4, effective July 1, 2019.

Ms. Mary Miller is originally from Maryland and has eighteen years of classroom, coaching, and mentoring experience as well as certification in Educational Leadership, Early Childhood, and Elementary Education. She received her Masters of Education from the University of Maryland, as well as three additional post-graduate certificates from other universities around the country in Educational Leadership, Literacy, Data-driven decision making and Technology.

During her career in education she has had the opportunity to live and work in Egypt, Latvia, and Colombia, as well as the United States. During these experiences Ms. Miller worked in a variety of different instructional frameworks including Project Based Learning, STEAM, IB Primary Years Program, Inquiry, and Personalized learning.

The 2019-2020 school year will be an exciting experience for the whole FAST family. Ms. Miller is looking forward to meeting the FAST family and having fun learning and growing together.

About FAST.

Fulton Academy of Science and Technology (FAST) opened in 2016 to provide an education based on design thinking and problem-solving with an emphasis on science, technology, engineering and mathematics (STEM) to K-8 children in the diverse Fulton County community. Serving more than 550 students, FAST is providing students with a strong foundation for them to be creative innovators and problem solvers so they are prepared for success and leadership in our rapidly changing world. With the diverse demographics of our existing community serving as the background theme for academics, children are developing the foundations for learning and thinking that prepares them for success in post-secondary education and careers.
